

ALIED STUDIO

ALLIED STUDIO is one of the fastest growing Interior Designing firm in India led by **Er. Ajay Khanna & Shweta Khanna** established in **2001**. The firm has worked on a diverse range of projects including individual houses, retail stores, offices, institutional projects across the country. We believe that any exercise of design should derive from a deep analysis of the context and program of the project. It is an appropriate response to its particular Reality that gives each project a unique sense of identity.

2,48,700 SQ. FT. approx. area
We covered till now with our Ideas

The Principal Architect, **Ajay Khanna** graduated in B-Tech (Civil) and Interior Designing. With firm determination, he has remained keenly attuned to the pulse of changing industry trends and has been in sync with today's rapidly evolving ideas of sophisticated living ,design , comfort and luxury. His design continuously strive to utilizes simple straight-line design, materials, colours, textures and forms, in a smart & innovative way to create aesthetic, contemporary interior lifestyle spaces. There are constantly evolving materials and construction methods and architects create new design concepts that push how modern day construction is executed. Thus, he believes that the world of creation is never static.

ALLIED STUDIO is one of the leading Interior Designing & Architectural firm in India led by Er. Ajay Kumar Khanna. He started his firm, Allied Studio, decade back and has today become a name to reckon among the few architectural and interior designing firms. The firm has a long list of over 300 projects executed in this sector. At the cutting edge of design, the firm is constantly reinventing and approaching design with fresh perspective.

Our Services include-

Designing

Designing will include all design, from flooring to ceiling, wall elevations to furniture, and electrical to plumbing.

We start with layout, on finalization of this we precede to designing of

Individual rooms. After finalization of designs working details of all requisites will be given.

Consultancy

will include guidance regarding material and labour. We guide you through the prices and quality of material to be bought. But the money channel is direct.

Supervision

Supervision is as and when required. Our supervisors will as per requirement check the work being executed on site. As per requirement we will also make visits to the site.

Purity in Business

Our way of working keeps the work absolutely transparent. Since the procuring of material from the market is direct and payment to labour is direct you will exactly know the quality to be expected at the end. Conscious efforts are constantly made here to develop long term relationship with its customers, vendors, bankers, staff members & others.

The professionally managed company, deserving higher business ethics, is committed to the quality of its personnel, products & services. It is big enough to meet very big requirement & small enough to meet very small requirements. In fact, the customized, individual & varied requirements are a source of pleasure for our dedicated workers.
